RE: PRICE INCREASE ON CUSTOM PRINTED WATER ACTIVATED PAPER TAPE

To Our Valued Customer,

Due to continuous increase on tape material cost, we have reached a point that we need to pass on the increase to the market. Effective on all orders received on or after May 15, 2015, a 3% increase will be implemented.

Your sales representative will answer any questions or details of this most recent increase.

We appreciate your continued business.

Sincerely,
