

August 31, 2020

To Our Valued Distributors,

Stretch film manufacturers implemented another increase on all stretch film products. On August 18, 2020, manufacturers announced another price increase of 6% effective September 11, 2020.

At Qspac, we do our best to hold larger inventories on the floor to react to these increases and keep our pricing as low as possible for as long as possible. We must notify you at this time that we will increase stretch film 6% effective October 5, 2020.

All purchase orders placed by October 2, 2020, must be will called or delivered no later than October 16, 2020. Purchase orders placed at old pricing will be subject to inventory on hand. New pricing will apply to all orders where out of stock items were replaced by new cost inventory. All special orders and manufacturer drop ships will be at new pricing.

Your sales representative will answer any questions related to the most recent increases on stretch film. They can also give you status of inventory levels and pricing.

We appreciate your continued business.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joe Tang', with a horizontal line above it.
