RE: PRICE INCREASE ANNOUNCEMENT FOR STRETCH FILM

To Our Valued Distributors,

Stretch Film manufacturers have implemented a price increase for the month of May. The increase is due to continued unrest in the Middle East, along with strong domestic and export demand of PE resin.

In response to this price increase, QSPAC is forced to implement a **4%** price increase on **all stretch film items** effective **June 25th 2024**.

All orders received before the effective date are subject to inventory availability and past purchase history. All orders must be delivered or will called no later than June 28th 2024. QSPAC reserves the right to apply the new price to orders for which we do not have enough inventory on hand. Should you have any question regarding this increase, please feel free to contact your sales representatives.

We appreciate your understanding and continued support!

Sincerely,
