RE: PRICE INCREASE ANNOUNCEMENT FOR STRETCH FILM

To Our Valued Distributors,

The ongoing conflict in the Middle East continues to cause constraints on the global supply of polyethylene resins. All stretch film manufacturers have implemented a 30% price increase in April.

We at QSPAC are working hard to mitigate the effects of this increase. However, with another increase already planned by the industry for May, we are forced to implement a **30%** price increase on **all stretch film items** effective **June 1<sup>st</sup> 2026**.

All orders received before the effective date are subject to inventory availability and past purchase history. All orders must be delivered or will called no later than June 8<sup>th</sup> 2026. QSPAC reserves the right to apply the new price to orders for which we do not have enough inventory on hand. Should you have any question regarding this increase, please feel free to contact your sales representatives.

We appreciate your understanding and continued support!

Sincerely,

A handwritten signature in black ink that reads "Vic Lee". The signature is fluid and cursive, with the first letters of "Vic" and "Lee" being prominent.
